ENVIRONMENTAL MANAGEMENT SYSTEM

COLOP's quality management system is already certified according to ISO 9001 for several years. This ensures that products and services are subjected to regulated quality criteria.

qualityaustria
SYSTEM CERTIFIED
Gütezeichen NR.02114/0
ISO 14001:2004 NR.00902/0
ISO 9001:2000 NR.02114/0

The certification according to ISO 14001, that had been successfully completed, confirms that COLOP possesses a functioning and fully integrated ENVIRONMENTAL SYSTEM.

This means that all workflow processes at company COLOP are reviewed and controlled or managed according to environmental aspects. There is nothing leave to chance.
The COLOP environmental management system contains the ecology-minded use of resources by optimising the use of energy as well as the optimal use of raw materials, water, etc. Of course, it also includes the sensible handling of waste.

COLOP bases its responsibility for the environment on the following philosophy:

AVOIDANCE by research and devolopement **over** **REDUCTION** by production and industrial design **over** **UTILIZATION** by recycling **over** **REJECTION** by disposal

CERTIFIED COLOP® ISO 9001 • 14001

COLOP is a certified ISO 14001 Environmental Management company

In the course of the ISO 14001 certification, the COLOP Green line, in particular the workflow of the production of the Green Line range, was audited

Green Line
we take care
