

Paperwork got you down? Does it seem every time you order Photo ID Badges you **waste most of your time** trying to keep the paperwork straight? Orders, packing slips, invoices, cheques ... all seem to land on your desk at the same time. There must be an easier way?

There is! It's called the "**Photo ID Badge Release Program**". It's Toronto Stamp's way of **eliminating all those small dollar orders and invoices** when you need new ID Badges. Here's how it works.

Toronto Stamp will hold imprinted Photo ID Badges for future names and photos. On receipt of your eMail listing the new names along with attached jpeg photos, Toronto Stamp will ship at **no charge** the new Photo ID Badges **within 48 hours**.

Photo ID Badges held for future names..... + \$ 1.20 each

example: You order 50 Photo ID Name Badges (one line name plus photo from jpeg supplied), 35 of which are to be produced now, 15 to be held for future names and photos. Your cost would be:

| | | | |
|--------------------|------------------|----------|---|
| 50 Photo ID Badges | @ \$15.41 each = | \$770.50 | <i>Average Cost per ID Badge</i> \$15.77 each |
| 15 Release Badges | @ 1.20 each = | 18.00 | |
| TOTAL = | | \$788.50 | |

In the example above you **pay** for all 50 Photo ID Badges with names and photos **up-front**. Then you add \$1.20 each for those badges NOT produced with the initial order (15 in our example).

Toronto Stamp holds these badges for future names and photos. When you need more Photo ID Badges ... even just one, all you do is eMail us the new name(s), attach the jpeg images and refer to your Release Number. Toronto Stamp will produce the badge(s) and ship them, **no charge**, directly to you ... **within 48 hours!** It's that simple! No paperwork for you, no delays, no wasted time.
