

Press Type Holders

Standard size type bodies allow use of different size characters in the same holder ... consistent alignment in all sizes

Heavy-Duty Utility Press Holders are made of a special grade of tool steel and features the utility spring-pin retainer, with optional screw-in shank. The pin fits through a hole drilled in individual pieces of steel type, permitting the type to be changed quickly and easily. Thirteen standard size holders are available.

Utility Steel Type

Five sizes of steel type are available for use with Utility Press Holders. All type is made on standard blanks so various sizes are interchangeable in the same holder. The total number of type that can be set up in each holder depends on the character size. A holder with a 1" pocket, for example, holds 4 pcs. of 1/4" character, 8 pcs. of 1/8" characters or 16 pcs. of 1/16" characters. Full and half size spacers are available for set-ups where type does not fill the holder pocket.

| Char. Size | Width | Depth | Height |
|------------|-------|-------|--------|
| 1/16" | 1/16" | 3/8" | 7/8" |
| 3/32" | 3/32" | 3/8" | 7/8" |
| 1/8" | 1/8" | 3/8" | 7/8" |
| 3/32" | 3/32" | 3/8" | 7/8" |
| 1/4" | 1/4" | 3/8" | 7/8" |

Note: Letter "I" and some punctuation are supplied on 1/2 width blanks.

Minimum Order: 25 pieces. Type is also available in 2-A Font (80 characters + 10 spacers), 3-A Font (104 characters + 10 spacers), 5-A Font (154 characters + 10 spacers).
