

Time Stamp

by **Simplex**

The Simplex EP40 is a multi-function electronic time stamp that can operate as a time clock, time stamp or numbering machine. The unit can be easily programmed to print in any one of 29 preset print formats, or configured for custom printing on up to three separate lines.

EP40 Price: \$595.00

The built-in lithium battery keeps the time and settings during power interruptions for up to five years. All of these advanced time recording features are housed in a compact and attractive case that allows for simple tabletop or secure wall installation.

EP40 Features:

- Never needs resetting and keeps time during power failures
- Perpetual calendar until the year 2099
- Choose left or right hand margin printing
- Large window for accurate alignment of form
- Print selections: manual, automatic and combination
- Automatically adjusts for Daylight Savings Time
- 1 to 8 digits numbering: up to nine repeats
- 2 or 4 digit year imprint
- AM/PM or 24 hour format
- 13 preset comments such as PAID, FILED, SENT, etc.
- Designed for wall or table mounting

Replacement Ribbons

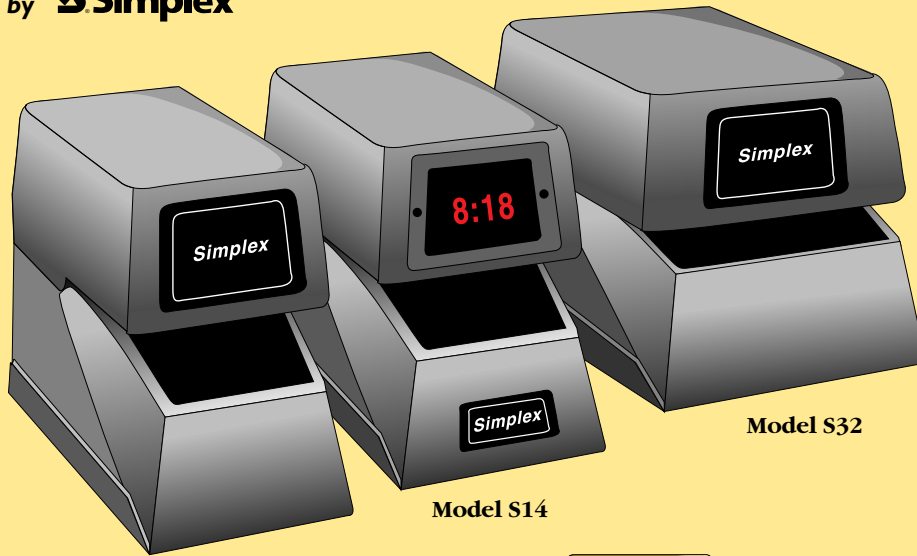

The Simplex EP40 Time Stamp features a long-lasting, easy to use snap-in replacement ink ribbon.

Price: \$48.00 each
